February 13, 2013

To Whom It May Concern:

G.Robin Smith performed his Interactive Chautauqua as " Benjamin Franklin, the Original American," at Skagit Unitarian Universalist Fellowship on Friday, February 1, 2013. We are a small fellowship and although we advertised widely throughout our local area, we had no idea how many people would come to see the program.

As it turned out, we needn't have worried! Over 70 adults and children, including a number of families from out of town as well as church members, came to see the program. The room was full, and we were amazed at the turnout as well as the enthusiasm of the audience. G.Robin's performance as Benjamin Franklin was remarkable, keeping even the younger children interested. The question-and-answer period following the performance was enthusiastic and fun with members of the audience asking questions from today and having them answered by "Ben" from his viewpoint in the 18th century.

All in all it was a great success. G.Robin graciously performed his Chautauqua as a fundraiser for our church. We would recommend this program to any group with an interest in history and a viewpoint from the past.

Sincerely,

Matt McDaniel, President
Board of Directors, Skagit Unitarian Universalist Fellowship
